## Intergovernmental Review Notices (June 1<sup>st</sup> - through 15<sup>th</sup>, 2000)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

**AGENCY:** U.S. Forest Service

**CONTACT:** Elizabeth Norton

**TELEPHONE:** 530-252-6645

**ADDRESS:** Lassen National Forest  
2550 Riverside Drive  
Susanville, CA 96130

**DESCRIPTION:**

The Lassen National Forest is proposing to designate approximately 170 miles of existing road as the principle route for the California Backcountry Discovery Trail in August 2000. The Lassen National Forest is seeking public comment on the Designation of the California Backcountry Discovery Trail (CBDT). Public comments must be submitted to the address above by June 21<sup>st</sup> to be considered in the analysis of the project.

**COMMENT BY:** June 21, 2000

**AGENCY:** Bureau of Reclamation

**CONTACT:** Gaye Lopez

**TELEPHONE:** 530-795-3038

**ADDRESS:** Colusa Basin Drainage District  
P.O. Box 312  
Woodland, CA 95776

**DESCRIPTION:**

The Bureau of Reclamation and the Colusa Basin Drainage District have released the Draft Programmatic Environmental Impact Statement (DEIS) / Draft Programmatic Environmental Impact Report (DEIR) for the proposed Flood Control program in the Colusa Basin for public review and comment. The Flood Control Program consists of an area of about 1,036,000 acres within the Colusa Basin, which extends from Orland in the north to Knight Landing in the south. Written comments should be sent to the above address no later than Friday, August 25, 2000.

**COMMENT BY:** August 25, 2000

**AGENCY:** Bureau of Land Management

**CONTACT:** Randall M. Sharp

**TELEPHONE:** 530-233-8848

**ADDRESS:** Project Coordinator  
Modoc National Forest  
800 W. 12<sup>th</sup> Street  
Alturas, CA 96101

**DESCRIPTION:**

A Record of Decision for the Fourmile Hill Geothermal Project on Federal leases CA21924 and CA21926 has been released. The project has been approved with the following stipulations: 1) That a public oversight group be established to review the monitoring program for the project, and 2) That there is a five-year moratorium on future geothermal development within the Glass Mountain Known Geothermal Resource Area.

**COMMENT BY:** n/a

**AGENCY:** Bureau of Land Management

**CONTACT:** Randall M. Sharp

**TELEPHONE:** 530-233-8848

**ADDRESS:** Project Coordinator  
Modoc National Forest  
800 W. 12<sup>th</sup> Street  
Alturas, CA 96101

**DESCRIPTION:**

A Record of Decision for the Telephone Flat Geothermal Development Project has been released. The decision has been made to deny CalEnergy Corporation's Plan of Operation and Special Use Application for Development, Injection, Utilization and associated ancillary improvements for the Telephone Flat Geothermal Project. It has been concluded that the interests of the public would best be served by selecting the No Action Alternative.

**COMMENT BY:** n/a

**AGENCY:** Federal Energy Regulatory Commission

**CONTACT:** n/a

**TELEPHONE:** n/a

**ADDRESS:** n/a

**DESCRIPTION:**

On September 27, 1999, Southern California Edison Company (licensee) filed a rare plant protection plan pursuant to Article 405 of the Order Issuing New License, issued on March 3, 1999, for the Lundy Hydroelectric Project. Article 405 requires the licensee to file, for Commission approval, a rare plant protection plan to protect the Mono Lake lupine and the

Masonic Mountain jewel-flower. The licensee's plan meets the requirements of article 405 and has been approved by the Commission.

**COMMENT BY:** n/a

**AGENCY:** US Fish and Wildlife Service

**CONTACT:** Patricia Foulk

**TELEPHONE:** 916-414-6566

**ADDRESS:** Field Supervisor  
Sacramento Fish and Wildlife Office  
2800 Cottage Way, W-2605  
Sacramento, CA 95825-1846

**DESCRIPTION:**

The Buena Vista Lake shrew, a tiny insect-eating mammal that once inhabited the marshlands of the San Joaquin Valley, may now be teetering on the brink of extinction with only one remaining population. As a result, the U.S. Fish and Wildlife Service today has proposed to list the species as endangered under the Endangered Species Act. The Service published its proposal to list the shrew in the *Federal Register*.

**COMMENT BY:** July 31, 2000

**AGENCY:** United States Forest Service

**CONTACT:** n/a

**TELEPHONE:** 530-934-3316

**ADDRESS:** Mendocino N.F.  
Supervisor's Office  
825 N. Humboldt Avenue  
Willows, CA 95988

**DESCRIPTION:**

The State of California Department of Parks and Recreation, and the Mendocino National Forest have cooperated for years in the funding and management of Off-Highway Vehicle recreation on National Forest lands through the California Off-Highway Vehicle (OHV) Grants Program, also known as the Greensticker Program. This year the State of California is asking for increased public participation in this grant fund allocation process. In response to the State's request for additional public participation, the Forest will be holding an "OHV Public Information Meeting" on June 10, 2000 from 10:00 a.m. to 1:00 p.m. at the Forest Supervisor's Office, at 825 N. Humboldt Avenue in Willows.

<b><u>Documents Received on Thursday, June 01, 2000</u></b>			
1995093022	Application to Appropriate Water No. 29061 et al. Water Resources Control Board, State RIO VISTA--CONTRA COSTA Water storage project in Sacramento-San Joaquin Delta on two islands (Bacon Island and Webb Tract); two other islands (Bouldin Island and most of Holland Tract) as wetland and upland habitat. Stored water to be sold for export or to meet Delta requirements. Revised EIR/EIS provides additional information beyond 1995 Draft EIR/EIS in areas of project operations, water quality, levee stability, seepage, PG&E gas pipeline inspection and repair, and certain fishery impacts.	<b>JD</b>	07/31/2000
2000064001	Joint Strike Fighter Concept Demonstration Phase U.S. Dept. of Air Force Boron, Rosamond, California City--Kern The proposed project is a concept demonstration phase flyoff between two contractors for the Joint Strike Fighter. Three variants of the fighter will be tested at Edwards AFB and primarily flight tested within the R-2508 airspace complex. This flyoff is expected to start during CY00.	<b>JD</b>	06/30/2000
2000061001	Morro Bay High School Bike Path Morro Bay, City of Morro Bay--San Luis Obispo Class I bike path along easterly boundary of Morro Bay High School and Class II bike lanes along Atascadero Road and adjacent Atascadero Road right-of-way.	<b>Neg</b>	06/30/2000
2000061002	Lake Elsinore Outlet Center Specific Plan Amendment 3, ZC 00-2, & Miscellaneous Design Review 00-2 Lake Elsinore, City of Lake Elsinore--Riverside The Lake Elsinore Specific Plan Amendment 3 Would: (1) Expand the overall specific plan area by 3.5 acres to provide additional parking and (2) Amend the signage guidelines and standards contained in the specific plan documents.	<b>Neg</b>	06/30/2000
2000061004	S99-047, Log No. 99-14-036; Alpine Village Center San Diego County Alpine--San Diego The project is the construction of an approximately 73,000 square foot neighborhood commercial shopping center complex on approximately 9.65 acres of land which will include a supermarket building of up to 58,000 square feet with a drive-thru lane, and a gasoline service station with a mini-mart building of up to 2,500 square feet and 4 fueling pump islands. The project also includes the grading of approximately 70,000 cubic yards of balanced cut and fill, including the creation of an approximately 45 foot high 1-1/2 to 1 cut slope immediately adjacent to and south of the proposed supermarket building. As mitigation for traffic impacts, the project will design and improve Alpine Boulevard to a three-lane Town-Collector Road standard from West Victoria Drive to a point approximately 100 feet east of Marshall Road. The project applicant shall also design and construct a signal at the intersection of Alpine Boulevard and West Victoria. Traffic improvements also include the conversion of the intersections of Willows Road with I-8 eastbound ramps and Willows Road with I-8 westbound ramps from	<b>Neg</b>	06/30/2000

1998112078	Catellus Mixed Use Development (Naval Base Redevelopment) Alameda, City of Alameda--Alameda The project includes redevelopment of the Fleet Industrial Supply Center (FISC) and a portion of the former Naval Air Station Alameda to civilian uses including residential, business park, school and recreational uses. The beneficiaries of the project include the City of Alameda and the Catellus Development Corporation.	<b>NOD</b>	
1999021058	Tentative Tract 5142 Thousand Oaks, City of Proposed development of 18 single-family residential lots, including areas to be preserved as natural open space, within a 116 acre parcel of land zoned RA-1ac. The project also includes the construction of an alternative emergency access road to be extended off-site, as well as a pump station and force wastewater main connecting with the City's system, which is also located off-site.	<b>NOD</b>	
1999062011	Coyote Creek Trail at Yerba Buena Road San Jose, City of San Jose--Santa Clara Construction of segment of 10-foot wide Coyote Creek pedestrian/bicycle path along a 400-foot curvilinear route of the west bank of the Coyote Creek.	<b>NOD</b>	
2000012005	Brown Rock Quarry Surface Mining Permit: APN 316-061-11 (Willow Creek area) Humboldt County Planning Department Willow Creek--Humboldt 15-year renewal of a previously approved rock quarry surface mining permit. The project includes a Conditional Use Permit, Surface Mining Permit, Reclamation Plan, and review of financial assurance cost estimates for a surface mining operation involving an upland rock quarry with a proposed total extraction of 100,000 cubic yards over a 15-year period from an open pit mine. Two methods of surface rock removal will be used: 1) mass rock removal from the rockfields, and 2) selective removal of soil and rock generally from forested areas surrounding the rock fields. Equipment to be used includes a loader, cat and excavator. The operation will also involve boulder blasting, and material will be hauled by truck.	<b>NOD</b>	
2000021041	Remedial Action Workplan for Barnhart and Dantzler Properties San Diego County Otay--San Diego Approval and Implementation of a Remedial Action Workplan (AW) for the Barnhart and Dantzler in Otay Mesa, CA, prepared by ENVIRON Corporation of Irvine, CA, and dated February 13, 1998. The RAW was prepared in accordance with California Health and Safety Code Section 25356.1(h)(1). the RAW proposes to place as asphalt cap (parking lot) over the burn ash materials and auto-shredder waste at the site. The asphalt cap will prevent, minimize, and/or mitigate the actual and potential threats to human health and safety and the environment. This remedy is effective because it minimizes residual risks and maximizes long-term protection, minimizes short-term impacts, and increases the speed with which protection is achieved. It is anticipated that approximately 20 days will be required to complete construction of the asphalt cap. The approximately size of the asphalt paving at the Barnhart property is 18,000 square feet (0.41 acres) and at the Dantzler property is 37,800 square feet (0.86 acres).	<b>NOD</b>

	for both concurrent and final reclamation processes proposed.		
1998012053	Integrated Resources Management Program for Flood Control in the Colusa Basin Colusa Basin Drainage District The purpose of the Program is to develop a watershed management program that integrates flood damage with environmental restoration in the Colusa Basin. The Program includes three elements: construction of flood detention dams and basins on selected ephemeral streams that cause flooding in the basin; implementation of 10,000 acres of upland, riparian, and wetland environmental restoration measures that will help reduce soil erosion and sedimentation and restore degraded habitat; and development of a water supply that could be used for environmental purposes.	<b>JD</b>	08/25/2000
1999122008	RAND Corporate Headquarters Santa Monica, City of Santa Monica--Los Angeles 308,869 square foot office building for the RAND Corporation. Proposed project is six stories and 72 feet above natural grade with three and one-half levels of subterranean parking.	<b>JD</b>	07/20/2000
2000034009	Avalon Wastewater Treatment Plant Upgrade Project Avalon, City of Avalon--Los Angeles The city proposes to upgrade the existing Avalon Wastewater Treatment Plant to provide adequate treatment for a peak monthly flow of 1.2 MGD and peak daily flow of 1.4 MGD. Additionally improvements will be made to two pump stations.	<b>JD</b>	07/20/2000
1996092081	Bay West Cove Commercial Development South San Francisco, City of South San Francisco--San Mateo A total of about 600,000 gross square feet of office space, an additional 600,000 gross square feet of office/research and development space, a 350 room hotel and ancillary retail and restaurant space are proposed on a bare site totaling approximately 43.8 acres in area. This project would replace a project that was approved in 1997 upon certification of an FEIR by the City. The 1997 plan proposed development of 20 acres of automobile sales, 175,000 gross square feet of commercial retail, and 475 hotel rooms. Because of the significant change in the project description, the City determined that a Supplemental EIR should be prepared to evaluate the impacts of the revised project.	<b>NOP</b>	07/06/2000
1999041121	Triangle Gateway/Gelson's Project Beverly Hills, City of Beverly Hills--Los Angeles Three-story office and retail building with three-level subterranean garage. Project proponent requests zoning and general plan amendments, amendments to circulation/street plan, amendments to use covenants, permits to allow encroachments into public rights-of-way, and planning commission approval of development and hours of operation.	<b>NOP</b>	07/05/2000

2000061025	File Nos. 99-006-SPA and 99-041-S Ontario, City of Ontario--San Bernardino As proposed, the application includes two components. The first part includes an amendment to the Milliken Industrial Park Specific Plan to change the land use designation at the southwest corner of Milliken Avenue and Greystone Drive from Commercial to Garden Industrial. The second component of the application includes the development of approximately 10.82 acres of land within the Milliken Industrial Park Specific Plan. Development of the project site will include the construction of a 122,000 square foot industrial building. The project building consists of poured-in-place concrete slabs, concrete tilt-up construction with wood panel roof systems up to 36 feet in height. Truck roll-up doors will be provided on the west side of the building to allow trucks to pull into the building for pick-up and deliveries. Additionally, the site will be fully walled/fenced and secured with gates.	<b>NOP</b>	07/05/2000
2000062024	Middle Creek Ecosystem Restoration Reconnaissance Study Reclamation Board --Lake Restoration of the historic Robinson Lake. This study investigates alternatives to restore the wetland ecosystem functions associated with the historical wetland that existed at the mouth of Middle Creek and potential flood damage reduction measures along Middle Creek and Rodman Slough. The Corps, in cooperation with The Reclamation Board and Lake County, is conducting a feasibility investigation on the ecosystem restoration and flood damage reduction measures based on the reconnaissance-phase studies described in the Middle Creek Ecosystem Restoration Study dated May 1997. This Study investigates alternatives to restore the wetland ecosystem functions associated with the historical wetland that existed at the mouth of Middle Creek and potential flood damage reduction measures along Middle Creek and Rodman Slough.	<b>NOP</b>	07/05/2000

2000061024	<p>Portuguese Bend Feasibility Study  Rancho Palos Verdes, City of  Rancho Palos Verdes--Los Angeles</p> <p>The U.S. Army Corps of Engineers (Corps) has estimated that roughly 156,000 cubic yards of eroded material have been deposited each year, for the last 23 years, into the Portuguese Bend coastal area. This long-term coastal erosion has left the coastal bluff highly vulnerable to further erosion from coastal wave. The Corps has also estimated that, on a yearly average, approximately 89,000 cubic yards of eroded materials settle onto the ocean floor, burying many areas of highly valued rocky bottom benthic areas and kelp habitats. Additional eroded materials have been continued to be deposited in nearshore and downcoast areas, causing further loss and degradation of similar marine habitats.</p>	<b>NOP</b>	07/07/2000
2000061027	<p>City of Rancho Cucamonga General Plan Update  Rancho Cucamonga, City of  Rancho Cucamonga--San Bernardino</p> <p>The proposed project includes a General Plan Update. The update includes revisions to the existing City policies and General Plan land use changes for 10 primary areas throughout the City. Land use changes include redesignation of certain areas to reflect existing land uses to provide greater design flexibility and achieve a greater mix of uses in key activity centers. The net effect is a decrease of approximately 182 acres of residential uses in an increase of approximately 182 acres of non-residential uses.</p>	<b>NOP</b>	07/07/2000
2000061030	<p>Sixth and Seventh Amendments to Project Area No. 1 the Central Redevelopment Project  Monrovia, City of  Monrovia--Los Angeles</p> <p>The proposed project is the 6th and 7th Amendments ("Amendments; Proposed Amendments") to the Redevelopment Plan for the Project Area No. 1, the Central Redevelopment Project ("Project Area"). These Amendments will add territory consisting of six non-contiguous areas; and may also amend certain time and financial limits for the existing Project Area.</p>	<b>NOP</b>	07/06/2000
2000062025	<p>U.S. 101 Widening Project (Bernal Road to Cochrane Road)  Caltrans #4  San Jose, Morgan Hill--Santa Clara</p> <p>The proposed project consists of the widening of a 14.5-kilometer (9.9-mile) segment of U.S. 101 from the Bernal Road/Silicon Valley Boulevard interchange in San Jose to the Cochrane Road interchange in Morgan Hill. The objective of the proposed project is to provide congestion and safety improvements to an important component of Santa Clara County's transportation infrastructure for the purpose of meeting existing and forecasted travel demand in the U.S. 101 Corridor. The need for the project stems from the substantial economic and residential growth in the project corridor resulting in highly impaired traffic operating conditions. Santa Clara County, often referred to as Silicon Valley, contains many of the nation's high-tech companies. The growth of that industry has resulted in substantial increases in jobs and population in the County with similar growth trends projected to continue.</p>	<b>NOP</b>	07/06/2000

2000031059	<p>Mount Home Demonstration State Forest-Pre-Commercial Thining Forestry And Fire Protection, Department of Springville--Tulare</p> <p>Mount Home Demonstration State Forest staff plan on pre-commercially thinning 30 acres of pine plantations, in eight small treatment units. Tree mortality from overcrowding is significant. In addition, brush competition and fuel loading has become a problem. The treatment units vary in size from 1.7 to 5.4 acres and vary in age from 30-40 years. The goal is to remove vigor trees and provide growing space for the residual trees. Vegetation will be cut, lopped and scattered, or piled and burned. All work will be conducted by hand crews using chainsaws and other hand tools. There will not be any heavy equipment used on the project and therefore only minimal ground disturbance. One treatment unit is located in a natural conifer stand with the overstory trees being about 100 years old. Only the dense clusters of small trees will be thinned in this treatment unit.</p>	<b>NOD</b>

	The proposed interchange would include constructing two (2) on and two (2) off ramps on the east side of I-405 at Arbor Vitae Street. This proposed project involves additional right-of-way.		
2000062037	Upgrade Route 49 Department of Transportation Auburn--Placer, Nevada Upgrade Route 49 to a five-lane expressway, including a continuous left-turn lane, upgrade drainage facilities and widen the Bear River Bridge.	<b>JD</b>	07/12/2000
2000062039	Capital City Freeway (State Route 51) / Interstate 80 Connector Widening Department of Transportation Sacramento--Sacramento The proposed project involves widening the Capital City Freeway / Interstate 80 West bound connector from the freeway split to the Watt Ave. / Capital City Freeway off ramp.	<b>JD</b>	07/10/2000
2000061040	Road Widening Project from El Monte Way Avenue 416 to Airport Drive Tulare County Resource Management Agency Visalia, Dinuba--Tulare Tulare County as lead agency, together with the Cities of Dinuba and Visalia, are proposing to widen approximately 16 miles of the Alta Avenue/Road 80/Plaza Drive travel corridor and reconstruct the Plaza Drive/State Route 198 interchange. The purpose of the proposed project is to upgrade the corridor to meet the projected travel demands for the planning horizon of 2028. The principal work includes widening the existing right-of-way (and thus the roadway) between El Monte Way (Avenue 416) and Airport Drive from its current two lane configuration to a four or six lane configuration (depending on the segment), reconstructing the Plaza Drive/State Route 198 interchange, widening of bridges crossing water courses and irrigation canals, widening of railroad crossings, realigning irrigation canals and utilities, and property acquisition, as required.	<b>NOP</b>	07/10/2000
2000062033	Shannon Valley Ranch Los Gatos, City of Los Gatos--Santa Clara Development of a 80.3-acre project for single-family residential. Requested Town approvals include: Annexation of three parcels to the Town of Los Gatos (APN) 527-18-001 and 567-24-008). Amendment of the General Plan and Hillside Specific Plan land use designations on APN 537-18-001 from Agriculture to Hillside Residential, 0-1 Dwelling Units/Acre. This designation was originally applied to this parcel because it was under a Williamson Act contract, which terminated on January 1, 1996. Re-zoning from RC and HR-5 (pre-zoning) to HR-2-1/2: PD to allow 19 single-family lots. Under the HR-2-1/2 zone, up to 24 lots could be developed, but the Planned Development designation would limit the total number of lots of 19. Architecture and Site approval to demolish a single-family residence, two pre-1941 single family residences, and a pre-1941 barn.	<b>NOP</b>	07/10/2000

2000062044	<p>Sunset Ridge Master Plan, Precise Development Plan and Vesting Tentative Map Novato, City of Novato--Marin</p> <p>The applicants propose development of 16 two-story, single-family dwellings at the east side of a 34-acre hillside parcel, adjacent to an existing single-family residential neighborhood. Access to the project would be from the end of Shevelin Road. The proposed lot sizes would range from 5,700 to 14,046 square feet with an average lot size of 8,480 square feet. The 16-unit project would have a density of .47 units per acre, slightly below the General Plan permitted density range of 0.5-1 units per acre (or 17-34 units for a 34-acre site). Development would occur on 4.2 acres with the remaining 29.8 acres retained in private open space. Development of the site would involve grading, drainage and slope stability improvements, removal of approximately 177 existing oak trees and 2.7 acres of native grassland (purple needlegrass). Planting of new oaks and native grasses are proposed as mitigation for the loss of existing vegetation. Landscaping for the residential lots is also proposed.</p>	<b>NOP</b>	07/10/2000
2000061037	<p>El Morro Elementary School Modernization and Expansion Project Laguna Beach Unified School District Laguna Beach--Orange</p> <p>Construction of a new administration building, a library facility, a new classroom building, and expansion of an existing assembly building. Demolition of an existing, small administration facility. Project implementation will result in a net addition of approximately 13,760 square feet composed of school support building space and four additional classrooms (the new classroom building will house eight classrooms and four existing portable classrooms will be removed from the site). The project includes connection to the Irvine Ranch Water District for sewer service and will include on-site storm drain facilities to connect to existing storm drains on Coast Highway. The parking lot will be reconfigured to add approximately ten new parking spaces and a pickup / drop-off drive aisle.</p>	<b>Neg</b>	07/10/2000
2000061038	<p>El Segundo Media Center El Segundo, City of El Segundo--Los Angeles</p> <p>The proposed project consists of the development of a 46.5 acre site with building and parking facilities for a maximum of 1.5 million square feet of mixed uses including; office, retail, entertainment, technology, computer / telecommunications, and hotel.</p>	<b>Neg</b>	07/10/2000
2000061041	<p>County Engineering: Santa Rosa Creek Road Bridge #49c-343 Repair San Luis Obispo County Cambria--San Luis Obispo</p> <p>The County of San Luis Obispo is proposing to repair the undermined easterly abutment of the Santa Rosa Creek Road bridge by temporarily diverting the unnamed tributary to Santa Rosa Creek away from the abutment, excavating to a depth of approximately 2 feet below the creek bed and placing reinforced concrete in the excavated area to provide a stable foundation and scour protection for the abutment wall. The project is located on Santa Rosa Creek Road, approximately 5.5 miles east of Main Street, east of the community of Cambria, in San Luis Obispo County.</p>	<b>Neg</b>	07/10/2000

2000061043	Black Horse Estates - Tentative Map TM00-02; Development Review Permit DR00-04 Santee, City of Santee--San Diego The project is a request for a Tentative Map and a Development Review Permit to allow the subdivision of a 102-acre property located at the southern terminuses of Northcote Road and Aubert Way. The proposal would subdivide the property into 72 lots for construction of 70 single-family residential homes. The remaining two lots would be for a stormwater detention basin and an approximately 60-acre open space lot. Access to the site is via Northcote Road with an emergency only access onto Aubert Way and a pedestrian / bicycle connection to Shadowhill road. All lots will be a minimum of 15,000 square feet with an average lot size of approximately one-half acre. The proposed lots range in size from 15,000 square feet to 1.25 acres in size. The proposed homes will range in size from 1,900 to 3,000 square feet in size with three and four car garages.	<b>Neg</b>	07/10/2000
2000061044	Parking Lot Expansion / Practice Field Southwestern College Chula Vista--San Diego Expansion of surface parking in two locations on the campus (lot J extension [150-200 spaces] and new lot Y [50-100 spaces]) and the relocation / expansion of an existing athletic practice field to the northwest corner of the campus.	<b>Neg</b>	07/10/2000

2000062035	Radcliff Elementary School Pajaro Valley School District Watsonville--Santa Cruz The proposed project is a 600-student elementary school, serving grades K-5. It would include acquisition of nine parcels (one parcel is currently owned by the PVUSD); the reconstruction and refurbishing of the existing adult education facility; and the redevelopment of the remaining parcels. Proposed facilities include refurbishing and expanding the existing Radcliff building located at 550 Rodriguez, a new two-story modular building with 16 classrooms, a new multi-purpose building, a variety of hard court playground equipment (basketball, two-square, four-square, long-square, tetherball, dodge ball, ball wall, hopscotch, and relays), a soccer field, and a 45-space parking lot. The anticipated opening date for the school is June 2001. The PVUSD expects initial enrollment to be 500 students with an increase to 600 students within the next couple of years. The project site is located in a high density residential area, bordering on the City of Watsonville's central commercial area. Several residential units and one commercial building would be demolished with implementation of the proposed project. The PVUSD will provide relocation assistance to the affected residents.	<b>Neg</b>	07/10/2000

2000062049	Modesto JC Commercial Project Modesto, City of -- Prepare a Focused EIR on a proposed rezone from R-3 to P-D Planned Development Zone for a 48.7 acre, Regional commercial development of 562,900 square feet and 2,415 parking spaces.	<b>NOP</b>	07/12/2000
2000061045	Hollister Area Lessalt 3MGD Water Treatment Plant Hollister, City of Hollister--San Benito Construction of a 3 MGD Water Treatment Plant, by the City of Hollister and the Sunnyslope County Water District, to provide replacement water and to improve water quality.	<b>Neg</b>	07/11/2000
2000061046	South Feeder Parallel Pipeline East Kern Water Agency Palmdale--Los Angeles The Antelope Valley - East Kern Water Agency (AVEK) South Feeder Parallel Pipeline project will create a looped water transmission system which will increase the capacity of the existing south feeder water system and increase the available water pressure for water purveyors such as the Los Angeles County Waterworks District No. 40.	<b>Neg</b>	07/11/2000
2000061051	Norco Level II Men's Dormitory Replacement Project Corrections, Department of Norco--Riverside The project proposes to replace 28 dormitory buildings, each housing 100 beds, with 16 dormitory buildings that can accomodate 200 beds each. This will increase the new men housing capacity at CRC from the current 2,800 beds to 3,200 beds, an increase of 400 beds. The dormitory buildings will be constructed at grade floor slabs with precast concrete bearing wall panels supporting a hipped steel framed roof structure with metal deck roof structure and standing rib metal roofing. Site work will include grading and build paid preparation and asphalt concrete road and walkways. Non-paved areas around the buildings will be landscaped.	<b>Neg</b>	07/11/2000
2000062042	Kenwood Charter School - UPE 00-0034 Sonoma County Permit and Resource Management Department Kenwood--Sonoma Request for approval of a Use Permit for a Public Charter School (temporary-one school year) within a portion of the existing Saint Patrick's Episcopal Church facility in Kenwood. Enrollment is anticipated to be 30-35 students, with 3-4 teachers/staff members. The grade levels are 7th and 8th. The existing Education Center toward the northern end of the church property would be used for classrooms for the students. And, the existing, adjacent Parish Hall would be used for bathroom facilities, a possible computer lab, teachers' offices and an indoor recreation area, if needed. Approximately 91 parking spaces exist on-site. Fifty-three (53) of those spaces are located at the southern end of the property near Sonoma Highway, and 38 spaces are located at the northern end of the property in the vicinity of the Education Center. No new construction is anticipated with this proposed project. The overall church property measures 3.11 acres.	<b>Neg</b>	07/11/2000

<b><u>Documents Received on Tuesday, June 13, 2000</u></b>			
2000062062	Busch-Valley Wellfield Zone 7 Water Agency Pleasanton--Alameda Acquire land and install drinking water wells to supply 15 MGD to customers of the Zone 7 Water Agency. Project will allow Zone 7 Water Agency to meet it's goal of supplying 7.5% of it's maximum day demand through the use of wells for reliability.	<b>Neg</b>	07/12/2000
200061055	Ballona Creek Shore Conveyor System Los Angeles County Department of Public Works --Los Angeles The proposed project is located in the southwest corner of Culver and Lincoln Boulevards in the Marina Del Rey area of unincorporated Los Angeles County territory. The proposed project involves the installation of an onshore gasoline-driven conveyor system within Ballona Creek and the construction of truck access road and debris storage area adjacent to Ballona Creek.	<b>Neg</b>	07/12/2000
1992052017	Application of University Public Schools for Amendment to A-Conditional Use Permit Modesto, City of Modesto--Stanislaus This is an application to rezone property containing 2.83 acres located on the west side of Tully road South of West Union Avenue from R-3 to P-D as an addition to P-D(527). The existing P-D (527) was approved in 1998 for the mini-warehouse facility located immediately north and contiguous to this proposal. The expansion of this self-storage development will extend south 276- feet along the Tully Road frontage and have a depth also equal to the existing storage facility. The zoning and land uses immediately surrounding the proposed expansion include: P-D with the existing storage facility to the north, R-3 zone to the west developed with a mobile home park, P-O and C-2 zones to the south developed with office and commercial uses, and R-2 and P-D zoning with multi-family uses to the east across Tully Road. The applicant's plot plan indicates that the proposed expansion will allow five separate one-story storage buildings which will have overall heights of approximately ten feet. The structures provide a total of 65,400 square feet of additional floor area for this complex. Fencing for the complex will include: an eight foot masonry wall separating the development from the mobile home park along the west property line, an eight foot high wrought iron fence set back ten feet from the Tully road eventual right-of-way line, and a chain link fence with slat inserts along the south property line abutting commercial uses.	<b>NOD</b>	
1999101075	North Simi Regional Stormwater Detention Basin Simi Valley, City of Simi Valley--Ventura Construction of a regional stormwater detention structure and basin in Sand Canyon. The structure will not constitute a dam under Calif. Division of Safety of Dams. The structure will permanently restrict outlet. The facility will detain 35 acre-feet and will reduce peak discharge from 1,194 cubic feet per second to 670 cubic feet per second.	<b>NOD</b>

1998012077	Mountain Winery Use Permit Santa Clara County Saratoga--Santa Clara Use Permit to legalize an ongoing concert series and reception facility at a historic winery.	<b>FIN</b>	
1999062093	Suggested Control Measure for Architectural Coatings Air Resources Board -- The proposed project is designed to reduce volatile organic compound (VOC) emissions from architectural coatings. The proposed SCM sets allowable VOC content limits for a number of architectural coating categories, including categories such as flats, non-flats, industrial maintenance coatings, lacquers, floor coatings, stains, rust preventative coatings, quick-dry enamels, "primers, sealers, and undercoats," etc. The proposed VOC limits have effective dates of January 1, 2004, for industrial maintenance coatings and January 1, 2003, for all other coating categories. Other components of the proposed SCM include a three-year "sell-through" provision (for coatings manufactured before the applicable effective dates), definitions, test methods, standards for painting practices and thinning of coatings, and container labeling and reporting requirements. The Draft Program EIR concludes that no significant adverse environmental effects would result from the proposed project.	<b>FIN</b>	
2000061062	Fred Waring Drive Widening Project Palm Desert, City of Palm Desert--Riverside Fred Waring Drive is an east/west arterial street in the City of Palm Desert. It is classified as an arterial from Highway 111 to Washington Street. The proposed project includes widening of existing roadway from four six travel lanes, plus raised median islands and meandering sidewalks. The project limits are San Pasqual Avenue on the west and Deep Canyon Road on the east, for a distance of 0.76 miles. The proposed improvements would require additional right-of-way and result in displacement of existing land uses including single family and multi-family residential uses. In general, the project would improve east-west access and traffic flow within and through the City of Palm Desert. This project is one of several roadway improvement projects being pursued in the City.	<b>NOP</b>	07/14/2000

2000062073	Cowell, Stevenson, Porter Infill Apartments University of California, Santa Cruz Santa Cruz--Santa Cruz The proposed project is the construction of student apartments and associated support facilities on infill sites at three residential colleges on the UCSC campus (Porter, Cowell and Stevenson Colleges). The project would provide bedspaces for 600 students in 175 apartments with a total of approximately 285,000 outside gross square feet of built space.	<b>NOP</b>	07/14/2000
2000061065	Reclaimed Water Facilities Plan Leudadia County Water District Carlsbad--San Diego LCWD proposes to develop capital facilities to expand recycled water production at LCWD's Gafner WRF from 0.75 mgd to 3.5 mgd, along with necessary infrastructure to deliver the water to local purveying agencies and to customers for landscape irrigation. The proposed pipeline distribution system would convey the reclaimed water within El Camino Real, Algo Road and a maintenance road within the La Costa Resort and Spa North Course.	<b>Neg</b>	07/14/2000
2000061066	Mulholland Water Pipeline Los Angeles, City of Los Angeles, City of, Woodland Hills--Los Angeles Construction of approximately 11,100 linear feet of new water distribution pipeline and the replacement of approximately 3,500 linear feet of existing water distribution pipeline.	<b>Neg</b>	07/24/2000
2000061067	Foothill Boulevard - Damien Avenue to Towne Avenue Los Angeles County Department of Public Works La Verne, Pomona--Los Angeles The proposed project will increase the traffic capacity of an approximately 3-mile section of Foothill Boulevard by increasing the existing two traffic lanes in both directions to three lanes. The project construction will require the removal and construction of raised medians, minor widening and paving of the roadway between Garey and Equation Avenues, and restriping of Foothill Boulevard within the project limits. The project will also require the modification / upgrading of traffic signals and signs, and relocation of utility infrastructure. A No Stopping Any Time zone would be implemented along Foothill Boulevard within the project limits to facilitate a smoother traffic flow, with the exception of approximately 1,000 linear feet along the westbound segment, between Bradford Street and Williams Avenue where a Peak-Period Parking Restriction will be implemented. The proposed project will require the removal of four trees on a median, with height ranging between 15 to 20 feet. The purpose of the project is to reduce traffic congestion and improve traffic flow within the project limits.	<b>Neg</b>	07/14/2000
2000062072	San Joaquin County Mental Health Services San Joaquin County Stockton--San Joaquin Expand existing Mental Health Facility.	<b>Neg</b>	07/14/2000

1995091032	18903-ZC (Bonita Canyon) Irvine, City of IRVINE/NEWPORT BEACH--ORANGE The CDFG has issued an Agreement Regarding Proposed Stream Alteration (SAA #5-058-00) ("agreement") to the Irvine Company ("applicant") in conjunction with the applicants proposal to alter the streambed for the development of a retail center on a 5.5 acre site, impacting 0.16 acre of stream bed (on average 10 feet wide from bank to bank by 700 linear feet) and an additional 0.19 acre of associated adjacent riparian habitat (mulefat and scattered arroyo willow). The stream bed is currently an ephemeral sandy wash with adjacent mulefat and arroyo willow vegetation associated with the wash. The applicant shall mitigate for the permanent loss of streambed and riparian habitat with the on-site creation of 1.0 acre of alkali marsh and mulefat scrub habitat at the southeast corner of Bison and MacArthur as described in the "Conceptual Mitigation Plan" dated 13 January 2000. The mitigation will expand an existing wetland at the mitigation site by 1.0 acre. The installation of the mitigation shall be done concurrently with the grading of the Bison / MacArthur Retail Center site.	<b>NOD</b>

1996082050	Pajaro Master Drainage Plan Monterey County The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement (#R3-2000-0259) pursuant to Section 1601 of the Fish and Game Code to the project applicant, G. H. Nichols / Monterey County Public works. The applicant proposes to install a 30 inch diameter pipe with a flap gate and rip rap at the outfall. This pipe is part of a stormwater pumping station.	<b>NOD</b>	
1998091036	CUP 2804 (American Avenue Landfill) Fresno County The revised permit will allow for the continued operation of landfill activities with an increase in tonnage from 1,200 tons per day to a daily average of 2,200 tons per day, and a peak of 3,600 tons per day; define and / or increase the permitted area from 190 acres to 440 acres, define and expand the disposal footprint to be 361 acres; specify the maximum depth to be 145 feet above mean sea level; extend the closure date to 2031; and construction of new cells in accordance with Subtitle D regulatory requirements.	<b>NOD</b>	
1999012095	Negative Declaration for the Calavera Heights Village S School Site Carlsbad Unified School District Carlsbad--San Diego Construction of a K-8 public school facility.	<b>NOD</b>	
2000021036	Standardized Permit for Romic Environmental Technologies, Corporation, dba Automotive Environmental Services Toxic Substances Control, Department of, California Environmental Protection Agency Irwindale--Los Angeles The project involves the approval of a standardized permit to operate a waste antifreeze storage facility.	<b>NOD</b>	
2000031071	Hollister Air Attack Base CDF Relocation Project Forestry And Fire Protection, Department of Hollister--San Benito The project consists of the acquisition and construction of a 5,280 square foot office building with a dispatch/observation tower, a 2,040 square foot airbase shop and 4-bay garage, a 400 square foot generator building, a 400 square foot aircraft mechanic shop and a 6,000 square foot automotive maintenance shop and bulldozer/transport building. Other new facility features are paving, air tanker loading pad, aircraft areas, retardant mixing systems, and security controls. Site work includes grading, drainage, and compacting the soil, cutting trenches, laying electrical conduits, and installing telephone lines, cable television, water, sewer systems and gas lines. The existing facility will be demolished and removed from the site. The proposed project is necessary because the existing CDF Hollister Air Attack Base Facility no longer meets safety and operational needs.	<b>NOD</b>	
2000032091	Fortuna CDF Fprest Fire Station Relocation Project Forestry And Fire Protection, Department of Fortuna, Loleta--Humboldt The proposed project consists of the property acquisition and construction of a standard CDF two-engine forest fire station with a bulldozer shed, battalion chief, and resource management offices. 	have a 2,990 sq. ft. barracks and kitchen; a 3-bay apparatus building, a storage room for hazardous materials, vehicle and fire hose wash facility, fueling station, perimeter fencing, utilities, landscaping, and paving. The current facility would be converted to office space. In addition, CDF may add an automotive shop to the new facility within the next 2-5 years.		
2000041074	Replacement and Rehabilitation of the Back Bay Trunk Sewer Orange County Sanitation District Newport Beach--Orange The Orange County Sanitation District (OCSD) proposes a project to rehabilitate (by lining) and replace a major portion of the Back Bay Trunk Sewer (BBTS), Contract No. 5-46 to prevent further deterioration. The proposed project, alternative B-1 of the February 2000 Preliminary Design Report by Tran Consulting Engineers, calls for lining of the existing pipe which lies within Big Canyon and paralleling the remaining portions of the pipeline with two plastic pipelines (each being 30 inches in diameter). The construction would be staged in various segments to facilitate construction that requires road closures and tie-ins with the existing pipeline. At critical junction points, new junction structures would be constructed along with new manholes along the route. A Spill Prevention Program will be an important element of the construction and tie-ins.	<b>NOD</b>	
2000042042	Dublin Nissan Conditional Use Permit and Site Development Review Dublin, City of Dublin--Alameda The proposed project consists of constructing a new automotive sales facility consisting of a 23,000 square foot building to be used for sales and service of automobiles; 102 on-site parking stalls; improvements of Scarlett Drive to 26 feet wide (curb to curb). The project also includes construction of an off-site lateral pipe entry and outfall struture within Cahbot canal, to the west of the project site.	<b>NOD</b>	
2000069005	Mahany Park Trail Improvements Roseville, City of Roseville--Placer The applicant proposes to develop 10' x 6' concrete pathway, 8' x 2000' interpretive trail, install two culvert bridge crossings.	<b>NOD</b>	
2000068112	Pipeline Realignment Fish & Game #2 --San Joaquin Realign 4,200' of pipeline.	<b>NOE</b>	
2000068113	License Agreement-Tedchnology Hall and Hall of Health Remodel California Science Center Los Angeles, City of--Los Angeles This project will remodel two existing State-owned buildings for the Administration Office of the California Science Center. The Administration Offices are currently in the adjacent Armony Building.	<b>NOE</b>
